OBJECTIVE

Web Developer with hands-on experience building responsive, user-friendly interfaces using React.js, Tailwind CSS, and Bootstrap, plus a Shopify development internship. Familiar with backend development using Node.js and Express.js for full-stack solutions. Focused on clean, performant code and eager to contribute to a collaborative development team.

SKILLS

- **Programming Languages:** JavaScript (JS)
- **Frontend Technologies:** React.js, Tailwind CSS, Bootstrap
- **Backend Technologies:** Node.js, Express.js
- **E-Commerce:** Shopify (theme customization, storefront development)
- **Database:** MySQL, MongoDB
- **Tools & Libraries:** VS Code, Figma, Canva
- **Version Control:** Git, GitHub
- **Deployment & Cloud:** Vercel, Netlify

EXPERIENCE

Shopify Developer Intern - Ninja Coding Pro

Onsite - 6 Weeks, 2026

- Customized and maintained Shopify storefronts through theme edits and layout updates.
- Used Liquid, HTML, and CSS to implement design changes and enhance store functionality.
- Collaborated with the team to troubleshoot issues and meet client requirements on schedule.

EDUCATION

BS Computer Science

The National University of Modern Languages (NUML)

CGPA: 3.55 / 4.0

Sep 2023 – Present

Lahore

PROJECTS

Gym Website

- Built a responsive fitness website with trainer profiles, pricing packages, and a contact section.

E-Commerce Store

- Built a complete e-commerce store with product listings, cart, and checkout functionality.

Bus Management System

- Built a DSA-based system using arrays and linked lists to manage bus records and seat data.
